

Preface

We planned to publish the Proceedings of 11th Asian Microgravity Symposium (AMS2016) in October, 2016 and July issues of International Journal of Microgravity Science and Application (IJMSA) in 2017 and asked the participants for their contributions. By the assignment of author(s), the manuscripts are categorized into original articles or reviews and peer-reviewed according to ordinary procedures of publication in IJMSA. In this July issue, about half of the contributions are presented. We would like to thank contributors for their time and effort in preparing manuscripts and members of Scientific Committee listed below for their kind help in the review processes by anonymous referees.
